

## Yoke Rollers / Cam Yoke Rollers ( Inch Size )

### Part Number: **CYR-2** Cam Yoke Roller

**Cylindrical  
O.D.**

#### Part No.: CYR-2 [ 5/8" Bore x 2" Roller Diameter x 1-1/4" Roller Width ]

|                       |                                                                |
|-----------------------|----------------------------------------------------------------|
| Manufacturer          | CLI BEARINGS CO., LTD.                                         |
| Dimension Unit        | Inch                                                           |
| For Load Direction    | Radial                                                         |
| Roller Shape          | Cylindrical                                                    |
| Internal Construction | Full Complement                                                |
| Type                  | Yoke Type                                                      |
| Seal Type             | Unsealed                                                       |
| Brand                 | CLI/ Nuetral                                                   |
| Roller Material       | Chrome Steel GCr15 / AISI52100 / 100Cr6 / SUJ2 / 535A99 / SKF3 |
| Roller Dia            | 2"                                                             |
| Roller Width          | 1.25"                                                          |
| Yoke Bore Dia         | 0.625"                                                         |
| Overall Width         | 1.3125"                                                        |
| Shoulder Dia          | 1.406"                                                         |
| Oil Hole Diameter     | 0.094"                                                         |
| Max Speed             | 1400                                                           |
| Static Radial Load    | 21140 lbf                                                      |
| Dynamic Radial Load   | 8090 lbf                                                       |
| RoHS                  | Compliant                                                      |
| REACH                 | Compliant                                                      |
| Weight                | 1.40 LB                                                        |
